

Mission Statement

The Harrisonburg-Rockingham Community Services Board provides services that promote dignity, recovery, and the highest possible level of participation in work, relationships, and all aspects of community life for individuals and families whose lives are affected by mental health, substance use, or developmental disorders.

Vision Statement

To be a leading community partner providing integrated services to persons with behavioral health and developmental disabilities across their lifespan.

Internship Opportunities

Harrisonburg-Rockingham Community Services Board (HRCSB) provides services to individuals and families who struggle with behavioral health and developmental disorders. HRCSB has a longtime commitment of providing undergraduate and graduate students with a variety of internship opportunities. We have several specialty areas in which we offer students job experience while being mentored and coached by a seasoned professional. We can offer internships working with children, adolescents, adults, infants with disabilities, children and adults with developmental disabilities, business development, and information technology.

Many of our undergraduate and graduate level internship students continue on to do additional internships or find an entry level position within the agency. Included in this booklet is a Clinical Career Pathway flowchart that shows the possible career path with HRCSB. In addition, a description of possible internships and contact information is included.

We look forward to working with you!

Arbor House (Crisis Stabilization Unit)

Program Description

Arbor House is a seven-bed short-term residential program that provides support and stabilization for adults age 18 and over who are currently experiencing an acute mental health crisis. Participation in this program offers an alternative to inpatient hospitalization or assists in the transition from hospitalization back to the home. The goals of this program are to assist individuals in mobilizing their own inner resources and community supports to aid in their ongoing journey of recovery. While at Arbor House, staff work with residents to identify goals, stabilize the current crisis, and develop a community support system to assist in continued rehabilitation and recovery after discharge.

Position responsibilities

Co-lead groups, individual sessions with residents, complete admission to program, and complete discharge from program.

Location

Arbor House Building
1353 North Main St
Harrisonburg, VA 22802

Number of positions per semester: 1

Type of student: graduate school intern

Number of hours available: 30+

Who to contact: CSU Supervisor – 540-434-1941

Mental Health Residential

Program Description

Residential services provide living opportunities at three sites in Harrisonburg. Residents are given support and interventions they need to live successfully in the community. The goal of the service is to prevent hospitalization and provide needed discharge placement for clients leaving long term hospital stays at Western State Hospital. There are 16 beds available for this intensive 24 hour service.

Position responsibilities

- Work directly with clients to engage in skill development.
- Develop new skill based modules to engage clients.
- Provide general supervision of milieu.
- Assist staff in community based outings and or transportation for individuals.
- Work with staff to learn assessment, progress note and individual service planning skills.

Location

Main Campus
1241 North Main St
Harrisonburg, VA 22802

Number of positions per semester: 3

Type of student: Undergrad

Number of hours available: 30

Who to contact: Residential Coordinators – 540-434-1941

Developmental Services

Program Description

Developmental Disability Case Management provides support to individuals with chronic mental or physical impairments such as Autism Spectrum Disabilities, Intellectual Disabilities, Cerebral Palsy, and other developmental disabilities. The individuals served range in age from children to older adults in a wide variety of community settings. Case managers may interact with many different agencies and people such as community service providers, health care providers, social service agencies, schools, and family members. The case manager's primary function is to assess the person's needs, link them with services, and then monitor service delivery. Case managers are responsible for working directly with the individual and family to coordinate services, monitor health and safety, and assess the individual's satisfaction with services. Some direct assistance with transportation and maintaining independence in the community is also provided.

Position responsibilities

Duties include assisting Support Coordinators with linking individuals with disabilities with community resources and agencies, attending Support Intensity Scale Assessments and individual planning meetings, going on home and provider visits with Support Coordinators, assisting with transportation needs of individuals, providing some companion/community integration/social activities with individuals, assisting with the intake process, special projects and data collection, and various office organizational duties.

Behavioral Health Wellness

Program Description

The Behavioral Health Wellness mission is to increase behavioral health wellness by promoting Substance Abuse (SA) prevention and mental health wellness in the environment, communities and individuals. The guiding principles include:

- Data driven decision making.
- Collaborate with state and local prevention systems to build capacity through training, technical assistance and resources to increase population level behavioral health wellness.
- Utilize the strategic prevention framework to shape systems development, identify service delivery priorities and outcome evaluation.
- Ensure the implementation of proven prevention programs, practices, strategies, and policies.
- Integrate cultural competence throughout the prevention system.
- Monitor prevention system effectiveness and efficiency to achieve population level change through performance management.

Position responsibilities:

- Help research and implement environmental strategies aimed at influencing community conditions, standards, institutions, systems and policies to support the physical, economic, legal and socio-cultural conditions of families and the community.
- Assist in coordinating Strong Families Great Youth Coalition meetings, take minutes, and plan activities, as well as attend meetings.
- Participate in community outreach programs aimed at increasing community readiness.
- Help research and implement Social Marketing & Media campaigns that help raise awareness, promote healthy norms and behaviors and support policy changes related to SA and wellness.
- Assist in Counter Tools phase II and III implementation.
- Help coordinate Mental Health First Aid (MHFA) and Applied Suicide Intervention Skills Training (ASIST) courses.
